## Burlap Liners

Columbia burlap liners are sized to fit perfectly in our wire baskets. Folded and sewn on one side, they are an excellent and economic alternative to squares.

## Burlap Rolls

We stock large quantities of plain burlap by the roll so you can cut it to the size you need. Comes in standard plain, standard rot-treated and heavy rot-treated. Sizes vary.

## Burlap Squares

High quality burlap squares. Comes in standard plain, standard rot-treated and heavy rot-treated.

## Burlap Tree Wrap

Burlap strips can be used for a variety of applications including concrete curing, tree trunk wrap and soil stabilization.

Product	Weight	Size
Burlap Strips	10 oz.	8" x 300'

## Burlap Coffee Bags

Once used coffee bags are a great way to keep your tree trunks safe.

Size	28" x 40"
------	-----------

## Misprint Paper Bags

Misprint paper bags can be used as a trunk wrap. This is an alternative to burlap but has the same great results.

Product	Size
Misprint Paper Bags	Various

## Sisal Twine

Sisal twine is a 100% biodegradable natural fiber. This strong twine is packaged in 100 lb. bales containing ten (10 lb.) cartons.

Product	Tensile Strength	Length
Sisal Twine 1 Ply	200 lbs.	3500'
Sisal Twine 2 Ply	400 lbs.	1,750'
Sisal Twine 3 Ply	510 lbs.	875'

## Poly Twine

Polypropylene twine is a soft, reliable twine that will not rot. This strong twine is packaged in 10 lbs. cartons or 40 lb. master boxes containing four (10 lb.) cartons.

Product	Tensile Strength	Length
Poly Twine 1 Ply	200 lbs.	3500'
Poly Twine 2 Ply	400 lbs.	1,750'
Poly Twine 3 Ply	550 lbs.	875'

## Mule Tape

1/2" white webbing used as a stronger alternative to tie the top of a tree ball. This product is sold by the pound. 9 lbs. per 1000 feet. 1500 lbs tensile strength.

## Nails

Large oval head needlepoint nail for easier pinning. Nails are 2 1/4", 14 gauge.

## Wire Crimper

Comfortable "T" model used to tighten up wire baskets. Plastic coated handles for comfort. 12" x 18"

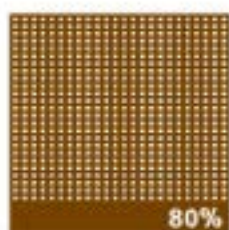

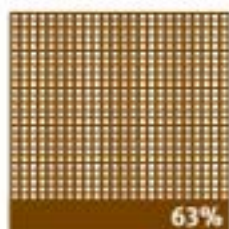

## Staples

6" x 1" 11 gauge staple designed to secure ground cover and landscape fabric to the ground. U-shaped wire with wide head for easy installation.

## Shade Cloth

Stock woven polypropylene UV resistant fabric. We can also custom make them per customer needs.

Size	Percent Shaded
8' x 10'	63%
10' x 12'	63%
10' x 20'	63%
12' x 15'	63%
12' x 20'	63%
12' x 24'	63%
12' x 40'	63%
15' x 30'	63%
16' x 25'	63%
16' x 40'	63%
20' x 20'	63%
24' x 40'	63%
24' x 40'	80%

## Jute Erosion Mesh

48" x 225' woven jute fabric for erosion control, soil stabilization and reclamation control. Neat appearance gives a finished look. Holds seed and soil intact preventing erosion. Has one-inch openings between strands giving the grass plenty of growing room. There are 3,000 "check dams" per yard which retard the flow of water.

## Landscape Fabric

3.1 oz. tightly woven polypropylene fabric designed to prevent weed growth. Has special UV inhibitors for extended outdoor life. Used for landscaping, greenhouse aisles, under benches and containers, under wooden decks, gravel and wood chip areas. Comes in sizes of 6' x 300' and 12' x 300'.

## Frost Protection Cloth

3.0 oz/sy. Extra heavy weight spun bonded polypropylene fabric. 30% light transmission. 8-plus degree frost protection. Roll size is 6' x 250'.

## Treegator

If you plant trees, you need Treegator. Golf courses, parks, cities, nurseries, landscapers, DOT's, resorts and homeowners all love its simple, affordable tree watering technology.

Ideal for watering newly planted trees from 1" to 8" in caliper (trunk diameter) with branches beginning at least 30" from the ground or higher.

- Single bag holds approximately 20 gallons
  - Single bag fits 1" to 4" caliper (dia.) tree.
- Two bags zipped together hold approx. 50 gallons.
  - Two bags fit up to 8" caliper (dia.) tree.
- Made of green polyethylene plastic with nylon webbing.
- Two water release points per bag for even watering.
- Bag is empty in approximately 5 to 9 hours.
- UV stabilized to withstand exposure to sun light
- Fill opening fits up to 3" diameter hose
- Filled with water - 30" tall x 18" wide (at base)

*Treegators can be zipped together to hold up to 50 gallons!*

## Yard-A-Bags

YARD-A-BAGS are reusable, strong and durable. They can be used 200 times or more and are excellent for handling grass clippings, leaves, branches, harvesting, sand, rocks, soil, mulch, roadside debris, construction debris and much more! Holds up to 6.3 cu. feet.

## Protective Plastic Tree Ball Wrap

Wrapping tree balls with stretch wrap will block the wind and keeps the moisture in the ball, allowing the roots to stay damp and preventing the ball from hardening. Trees packaged in stretch wrap thrive and are always available for shipping in first-class condition.

**80 gauge black or clear plastic stretch wrap  
18" x 1500' per roll - 4 rolls per case.**

## Poly Greenhouse Film/Sheeting

See our website for more information.

## Easy-To-Use Tree Slings

An indispensable sling with four handles used when transplanting at the job site. Minimized plant ball damage and reduces the hazard of back injury to employees. Available in large (20"-36" ball size.) and extra large (34" - 44" ball size)

## Rubber Ties

Available in a variety of sizes including 2.75", 3.15", 4.3" and 6.3" Packed in 11lb bags.
